Dear Mr. Mueller:

Confirmation of listing

This is to confirm receipt of the **Mobile Greenhouse Gas Reduction - Engine Treatment** project for listing on the **GHG CleanProjects™ Registry**.

The preliminary project information can be viewed publicly and is directly accessible at http://www.ghgregistries.ca/cleanprojects/masterprojectdetails_e.cfm?pid=722. The project title is **Mobile Greenhouse Gas Reduction - Engine Treatment** with the unique project identifier: **9198-0478**. The project description is also displayed: MotorSilk™ Engine Treatment improves lubricity and greatly reduces mechanical friction in engines lowering the amount of energy required to operate the engine. Use of MotorSilk™ Engine Treatment allows engines to deliver more power for use which in effect decreases fuel consumption and associated emissions.

Should you have any questions or comments related to your project listing in the **GHG CleanProjects™ Registry** please feel free to contact us.

Regards,

Trish Chartrand
Manager, GHG Registries
